Did you see in The paper about Mrs Powell (Mildred Cornputhwaite who used to work in Dr. Macmillans office) and her sister Dorothy being burnt in a car at Royal. Glen Horn goes with Dorothy and had Horns car taking Mr. & Mrs Powell and Dorothy home. had filled the car with gas and run it over, Mrs Powell was driving and Glen lit a cigarette the car was so full of the fumes that it was a fire in an instant. a two door sedan and the door at the drivers left would not open. The boys got out - but the girls were trapped in it and burnt badly. Mrs Powell can now see a little but her runs from both eyes and her face and hands are burnt terribly she suffers untold agony and will probably be disfigured badly and that was two weeks ago Jack Horn is giving his hall for a benefit dance for them.

Am enclosing a clipping from The Montrose paper which you must return as Helen wants to keep it. Must close and go to bed as it
